## ***Winning Poker Network Puts Spotlight on Getting Rich with Million Dollar Jackpots***

**San Jose, Costa Rica – March 26, 2020** – Your million-dollar opportunity is here. Winning Poker Network, home of popular poker sites Americas Cardroom, Black Chip Poker, and YaPoker, has just launched Million Dollar Jackpots for a limited time. The amp up Jackpot Poker games offer players the potential to play a 3-player Sit & Go and pop a \$1 Million jackpot within minutes.

“Million Dollar Jackpots put a new spin on a classic favorite by upping the ante of our famous Jackpot Poker games,” stated Winning Poker Network spokesperson Michael Harris. “With the potential for more money on the table—*as much as \$1 million*—Million Dollar Jackpots will be life-changing for some lucky players.”

Million Dollar Jackpots are super-fast, Hyper-Turbo Sit & Go’s with 3 players and 3-minute levels. Upon buying in and taking a seat, all three players at the table will see the final prize pool revealed after everyone is seated.

Typically, Jackpot Poker games come with a buy-in of \$2, \$10, \$25, or \$40, and a top prize of \$100,000. But Million Dollar Jackpots are available in \$5, \$15, and \$50 denominations and come with the potential of a \$1 Million payout.

The million-dollar concept isn’t limited to just Million Dollar Jackpots. On July 24<sup>th</sup>, the next \$7 Million GTD Venom tourney gets underway, with four Day 1 options. Each feeds into Day 2 on Monday, August 3<sup>rd</sup>, which leads to Day 3 on Tuesday, August 4<sup>th</sup>. The final table kicks off on Wednesday, August 5<sup>th</sup>. First place gets \$1 Million guaranteed.

Online poker players can lock down their seat for \$2,650 or via satellites for much less. Also available are Cyclones Blitz Poker satellites that start at 25 cents. Players can buy in, move up each level by earning 5,000 chips, and then win their \$2,650 ticket on the 7<sup>th</sup> and final level.
